ETAN, THE COMPANY

Etan was founded in 1988 and over the years has grown into one of the bigger players on the European market. The company is a specialist in the market and its wide experience and expert knowledge guarantee the best service possible. A wide range of products is available to meet the need of every target group, including accessories. You can be assured of a product that fulfills all your wishes. It is essential that there is a proper mixture of safety, jumping pleasure, quality, and price. That is why Etan only supplies quality, for the top brands as well as for the budget brands. Your certified Etan dealer is happy to be of service.

ETAN, THE VISION

We say 'no' to mass production and want to do something for society. We ensure that children can play safely on our trampolines. Quality is not optional, which is why we control every aspect of our product ourselves. We respect our customers and the environment. That is why we produce safe products from sustainable and durable materials. By doing this in our production facility in the heart of Europe, Bosnia and Herzegovina, we produce durable high-quality trampolines that provide years of outdoor fun and, at the same time, stimulate economic equality and help the less fortunate in our society.

REPAIR SERVICE

Do you have a hole or rip in your jumping mat or did a triangle come loose? Don't worry, we can solve most problems for you. When you fill in the repair form on our website, we will contact you as soon as possible. We will then come up with tailored advice and a suitable solution. At Etan, we have an internal repair department, which enables us to communicate properly about the agreements made. This way your children can play on their trampoline again in no time.

Visit the website www.etantrampolines.com/en for the conditions and the repair form.

TRAMPOLINES

What is the greatest benefit of jumping on a trampoline? The answer is childishly simple: jumping on a trampoline is fun! The feeling of being weightless for a while, always a little higher, always better tricks. Jumping on a trampoline is not only fun but while you are jumping you get blushing cheeks from playing outside.

For children, trampoline jumping is a fun activity that can be performed in their own garden. Don't just believe that trampoline jumping becomes less attractive once you're an adult! Jumping Fitness is an example of this.

DID YOU KNOW THAT...

in the beginning of the 20th century, acts were performed in which the so-called "bouncing beds" were used to entertain the audience? The bouncing bed actually was a small trampoline covered with bedclothes on which the acrobats performed, usually funny, tricks.

ETAN PREMIUM

With an Etan Premium trampoline, you can count on quality, safety and a lot of fun in the garden! The Etan Premium line is produced in our own factory in Europe, with high-quality sustainable and durable materials.

The Etan Premium line has a jumping mat that has Etan's unique Diamond System. Alternately, a triangle with a hole and a triangle with slot opening is attached to the jumping mat. As a result, not all springs are activated simultaneously when jumping. For small children, this means that they can still jump smoothly with less weight. In combination with the high-quality conical springs, where zinc is incorporated in the steel of the springs, the jumping power is optimal.

With an Etan Premium trampoline, you are assured of a safe trampoline that remains safe, strong and popular for years to come.

DID YOU KNOW THAT....

the first form of trampoline jumping was practiced by the Eskimo's? They used whale skin to toss each other up into the air.

SAFETY PAD

Did you know that a trampoline safety pad is one of the essential parts of a trampoline? It protects your children from injury and ensures that all the springs are covered. Choose the Etan Premium safety pad if you are looking for a safety pad that lasts at least 5 to 7 years. Safety first!

Universal safety pad or specifically for Etan Premium trampolines, we offer a wide range of trampoline safety pads. These safety pads ensure that the springs are covered and that even the smallest jumpers do not get hurt. Etan safety pads are available in green and grey.

Check out the range of safety pads on the website or visit your nearest Etan partner. Can't you find a safety pad with the measurements of your trampoline? Don't worry! We also make custom safety pads. Take a look at the website or contact us. www.etantrampolines.com/en

JUMPING MAT

A good jumping mat is crucial for the highest jumps. Do you need a new jumping mat, but you are not sure which size you need? Go to our website, your nearest Etan sales location or contact our customer service for tailored advice.

If you want a jumping mat that improves the durability of your trampoline, we recommend the Etan Premium jumping mat. These jumping mats are equipped with Etan's unique Diamond System. This system ensures that the springs are activated one by one, rather than all at once while jumping.

Are you looking for a jumping mat with a different size? At Etan Trampolines we specialize in producing jumping mats of any size. Take a look at the website or contact us for the possibilities.

SPRINGS

The springs of a trampoline are the components that help you jump higher and higher. The Etan Premium springs, which are made in the Netherlands, are not coated with zinc but contain zinc. This prevents the springs from rusting and therefore, last longer, compared to traditional trampoline springs.

We have springs of different qualities in sizes 14, 16.5, 17.5, 18, 22 and 25 cm. All our springs are available per 50, per 10 and even per spring!

OTHER SPARE PARTS

Safety net

At Etan Trampolines, we have safety nets for the Etan Premium and Etan Hi-Flyer models. We have these for both the standing and the Inground trampolines, round and rectangular. In the colours green and grey.

Trampoline frame

Our trampoline frame parts are made of galvanized steel, insensitive to external weather influences. This way, these parts provide a solid construction that guarantees years of jumping fun.

More parts are available on the website or at your nearest Etan partner. Can't find the part you're looking for? Please contact us at www.etantrampolines.com/en

ETAN
WEATHER COVER

WEATHER COVER

A weather cover, or protective cover, not only keeps your trampoline clean but also extends the life of your trampoline. They are available for a wide range of trampolines in the colour grey and transparent. Our grey protective covers are made of high-quality German PVC and are UV-resistant. The transparent covers are made of a sturdy agricultural cover and available at an appealing price.

All covers have an opening at the top of the cover, which allows rainwater to drain away and prevents condensation.

ETAN
BOUNCE BOARD

BOUNCE BOARD

Are you ready to bring your freestyle jumps to a whole other level? The Bounce Board of Etan Trampolines makes jumping on a trampoline even more fun and exciting!

This Bounce Board also helps to practice snowboarding, wakeboarding, and kite surfing.

TRAMPOLINE TENT

A super cool accessory for your 12ft trampoline! With this sturdy army trampoline tent from Etan Trampolines, you can organize a great sleepover. Sleeping has never been so much fun!

OTHER ACCESSORIES

1. INSTALLATION KIT

Do you want to dig in a standing trampoline? This is possible with the installation kit of Etan Trampolines! With this kit, you maintain the jumping power and optimal air movement of a standing trampoline.

2. JUMPING MAT REPAIR KIT

Is there a hole in your jumping mat? Don't be sad! With the Etan trampoline jumping mat repair kit you can easily repair the hole yourself.

Are you still not sure if the jumping mat can be fixed? Or are you in doubt regarding the safety of the jumper? Please contact us to receive tailored advice from our expert.

3. TRAMPOLINE SOCKS

With these nice trampoline socks from Etan Trampolines, you can't slip on the trampoline and you also have warm feet!

4

4. TRAMPOLINE SKIRT

Place a trampoline skirt on your standing trampoline and prevent children and pets from getting under the trampoline.

Available in black for different sizes of trampolines.

5

5. TRAMPOLINE ANCHOR SET

Anchor your standing or Inground trampoline with the Etan trampoline anchor set. With this set, your trampoline is safe and secure in your garden, even during heavy storms!

6

6. TRAMPOLINE LADDER

An easier way to climb on your standing trampoline? The solution is a handy trampoline ladder that is quick to assemble. The Etan Premium trampoline ladder is available in 65 cm high and 95 cm high.
